HEAD OF THE PHYSICS DEPARTMENT

TLR 2c(ii) - £6,515

We are seeking to appoint a Head of the Physics Department. The post is full time and permanent commencing in the Summer Term or September 2018. The successful candidate will have the opportunity to teach KS3 to KS5.

The Latymer School is a high achieving, but caring grammar school in North London. Visitors comment on the warm atmosphere and the level of participation in extra-curricular activities. Pupils at the school recently described the school as one “family” and it being a “real community”. We are very proud of our school and believe it is a place where you can really teach and develop.

The Science Department is well organised and resourced and provides a supportive working atmosphere for staff. All sciences are popular options at A level. Results are high, the most recent results in 2017 being 99% A-C (82.3% A*/A) at GCSE, and at A level 79% A*/B. The AQA Triple Science course is followed at GCSE and classes are taught by subject specialists from Year 9. All lessons are taught in modern laboratories.

If you would like to work in a friendly environment, with guaranteed A level teaching, then we would like to hear from you.

Further details are available on the school website.

Closing date for application: 10am on Monday, 22nd January 2018

The Latymer School is committed to safeguarding and promoting the welfare of young people. We expect all staff to share this commitment. Any offer of employment is subject to a satisfactory ‘Enhanced with a Barred List Check’ through the Disclosure and Barring Service.
